P & E Engineering Co. currently has an opening for an Engineering Technician position.

P & E Engineering Co. is a small firm located in Carlisle, Iowa, that specializes in electric utility design and analysis. Clients include electric utilities, industrial companies, large commercial customers, and wind farm developers. Responsibilities of the Engineering Technician position include field investigations, design, CAD drafting, project inspections, and assisting engineering staff on a wide range of electrical projects including electric utility, industrial, and commercial systems. A degree in electrical or mechanical design or a related field is required. Applicant must be proficient in AutoCad. Construction background or experience is desirable.

Position is full time, paid on an hourly basis, with time and one half paid for overtime. Normal work hours are 8:00 AM to 5:00 PM, Monday through Friday, at the company location in Carlisle, Iowa.

Benefits include competitive salary, company paid health insurance, eight paid holidays, two weeks vacation, and company paid retirement plan. The Company is an Equal Opportunity Employer.

Additional company information is available at www.peengr.com.
